

Erin counseling an expected victim of child sexual abuse.

## Five Mission Teams In July

In July we hosted five short-term mission teams from the U.S. These teams came from churches in AZ, NC, AL, PA, and CA. They did wonderful work for our ministries in La Fe and Armenia Bonito. Four of the five teams had previously worked with us in Honduras.

## Maddy In Belize As Intern

Maddy, our 16-year-old daughter, spent two-weeks as a missionary intern in Belize. While in Belize she helped with Kids Club and construction and helped coordinate two short-term mission team visiting from the U.S. She served as a translator for the groups and was even called on to translate a sermon at church. Maddy produced a short video of her experience and you can watch it here: <http://youtu.be/8XGJfj8mCV0>

## Huge Medical Impact

In July, with the help of the visiting mission teams, we hosted seven free medical clinics in the communities of Armenia Bonito and La Fe. Over 520 patients were treated in the areas of general medicine, ultrasound and dental. Most of these were people who would not otherwise receive medical care. Each person received evangelism, prayer and the mercy of Jesus Christ.

## A Visit From Our Boss

Rich Wolfe, the Coordinator of Central America for Mission to the World, came to Honduras and spent a week with our team. He visited our ministries and spent time with our missionaries. Rich's counsel and advice are invaluable.

## Home For Ochoa Family

The Ochoa family is one of the poorest families in Armenia Bonito. Before this summer the seven of them lived in a small house of rotting wood and sticks. With the help of mission teams we built them a new home with cement floors, block walls, electricity, and indoor plumbing. Praise God.

## Our Tentative Schedule

- 8/4 - Jennifer, 11-month intern, arrives
- 8/4 - Two short-term mission teams arrive
- 8/9 - Honduran high school begins for Maddy
- 8/11 - Two short-term mission teams arrive
- 8/18 - Final two short-term mission teams arrive

## Our Specific Prayer Needs

- An easy adjustment for our new intern Jennifer.
- A stress free August as we manage our final six mission teams without our five summer interns.
- Maddy begins her last year of Honduran school.
