Erin teaching at our CA Launch training for new MTW missionaries.

## Anti-Human Trafficking

Mike and David put on a one-day Anti-Human Trafficking conference at Covenant Church in Paso Robles, CA. Forty people attended and heard from MTW missionaries and local advocates on how they and their churches can get more involved in fighting this horrible global epidemic.

## Training New Missionaries

Mike, Erin, Anthony, and David were joined by other MTW staff as we hosted the first ever MTW Launch training outside of Georgia. This five-day training was held on the campus of Westminster Seminary in Escondido, CA. Seven new MTW missionaries were given the instruction needed to begin their fulltime missionary service.

## PCA General Assembly

Mike joined dozens of MTW staff and missionaries at the PCA's annual General Assembly in Dallas, TX. Mike and the others hosted a booth where thousands of pastors and church leaders from around the US came and learned how they and their congregants could get more involved in missions with MTW. Mike had countless meetings and conversations to advance missions. Many churches rekindled or launched a missions fervor.

## Mike Preaching In Spanish

Mike was given the opportunity to preach a missions message in Spanish to a Spanish only congregation near downtown Los Angeles.

## Debriefing Missionary

Each MTW missionary who returns from the field receives an opportunity to be debriefed and be mentored. Mike helped an MTW intern process his experience from a summer internship in Japan.
