Volume 10, Number 1

Erin sharing our ministry at our home church in Elk Grove, CA.

December Furlough Work

In the past month we presented our ministry in AZ and CA. Mike and Erin spoke at churches in Elk Grove, CA and Phoenix, AZ. Mike had numerous video conference calls with other missionaries. Erin continued working fulltime at Phoenix Children's Hospital. Mike and Erin had numerous lunch meetings with pastors and supporters.

Christmas In Honduras

Our mission team brought Christmas joy and God's mercy to dozens of Honduran families who otherwise would not have experienced a Christmas this year. Parties were had with pastors, church plants and homeless kids. Gifts were exchanged, crafts were made, carols were sung and God was glorified. Honduras is the 2nd poorest country in the Western Hemisphere and such celebrations are rare.

1st Semester Of College

Our daughter Maddy successfully completed her 1st semester of college at John Brown University in Arkansas. She is studying Graphic Design and is eager to return for spring semester. It is thrilling to see God provide scholarships to help her pay for an education which would otherwise be unobtainable for a missionary kid. Her 1st semester was great and we pray her 2nd is equally as successful.

Mentoring Missionaries

Mike and Erin concluded mentoring a young missionary family who is heading off in January to work in a closed country. Anthony and Adrienne are members of a church we adore in Phoenix and are working with a newly formed missions agency. Without our guidance they would not have otherwise received this valuable insight. Since August we have discussed communication, finances, prayer, missionary care, home church and conflict resolution. It is our prayer our experience will help them to glorify God as they serve him during their ground breaking mission work.

Our Tentative Schedule

1/11 - Clarksburg Com Church, Clarksburg, CA
1/11-15 - Erin evaluates new missionaries in GA
1/25 - Roosevelt Community Church, Phoenix, AZ
